

## **GEOTECHNICAL ENGINEERS & GEOLOGISTS:**

A1 Consulting Group, Inc. (A1), a leading and reputed small business located in Raleigh-Durham market, North Carolina, USA, is looking for multiple geotechnical engineers and geologists in senior and staff level positions. A1 is willing to work with full-time, part-time, and onsite and offsite consultants on flexible schedules and terms.

Candidate must have BS in Civil engineering (or Geological engineering) and MS in Geotechnical engineering from ABET accredited program. For mid-level and senior positions, candidates are required to have a PE license in North Carolina or in any other state recognized by North Carolina Licensing Board. For staff level positions, minimum 2 years' experience and for senior level positions, higher experience required in geotechnical designs on highways, bridge foundations, pavement designs, building foundations, retaining walls, slopes and settlement analysis, etc. and preparing environmental site assessment reports. Proficiency in MS Office Suite, Adobe Suite, Cost-estimating, Geotechnical designs and analysis, Microstation, GinT, and other related software. In-person job positions are located in Raleigh-Durham area; However for suitable candidates, remote positions are a possibility. Great potential for rapid career advancement and stock options /ownership equity in the company.

For part-time and consulting positions: If your current job situation allows you to work or moonlight, please apply to handle the surges in workload with flexible hours.

Entry-level Intern positions with proper education but no experience are also available.

A1 is willing to sponsor graduate students, immigrant and non-resident candidates for work visas.

Apply in confidence with brief resume not to exceed 2-pages at
